

WHEN BANKSY MET BAMBI

There's a new name on the street. Incognito female street artist, Bambi, is enjoying a rapid rise to super stardom. Brad Pitt, Harry Styles, Robbie Williams and Mark Owen all own originals of her work, while Kate Moss and Adele have commissioned pieces.

Banksy, Choose Your Weapon

Intrigued? Hot foot it to the Walton Fine Art gallery's exhibition of works by the graffiti artist dubbed the 'female Banksy', displayed alongside none other than Banksy himself.

The two super heroes of the street may look similar at first glance, but the exhibition reveals not only two differing styles, but the changing function of street art in a time where mass media renders social commentary remarkably easy.
